ELICOM ELECTRONIC

ISO 9001:2008

M CE RS 232 BATTERY PC

Model: EEP xx NL/B

ELICOM ELECTRONIC

Technical Specifications:

Model: EEP xx NL/B

Maximal Load: 15kg, 30kg, 60kg,150kg,300kg, 600kg

Platform: Single point load cell
Carbon steel construction with stainless steel plater
Stainless steel pole

Display: Big LCD display with white backlight

Keyboard: 6 mechanical keys

Functions: Tare, Zero
Power saving backlight

Interface: RS232

Communication protocols: Different protocols available, Connectivity with PC

Power supply: Adaptor AC 12V/500mA
Battery 6V/4Ah

Battery life: up to 150 hours

Working temperature: -10C to 40C

Humidity: 15% to 85% RH

№	Model	Max load, kg	Division e,g	Platform size /mm/
1	EEP6/15	15	2/5	280x280
2	EEP 15/30	30	5/10	280x280
3	EEP 30/60	60	10/20	300x400
4	EEP 60/150	150	20/50	400x500
5	EEP 60/150	150	20/50	450x600
6	EEP 150/300	300	50/100	450x600
7	EEP 150/300	300	50/100	700x800
8	EEP 300/600	600	100/200	700x800

Options:

- Platform from 100% Stainless Seel
- Custom size platforms available
